Objective:
Provide individuals possessing undergraduate degrees in engineering, science, and other fields with business skills that will significantly increase the value of their human capital and enhance their ability to succeed in their careers.

Admission requirements:
Admission is to be determined on a competitive basis. Normally applicants must meet the following minimum requirements:
- Have a 4-year undergraduate degree from a regionally accredited U.S. institution of higher education or foreign equivalent.
- Have a cumulative Grade Point Average (GPA) of 2.7 on a 4-point scale or equivalent.
- Have a Graduate Management Admission Test (GMAT) score of 550 or higher.
- If either the GPA is below 2.7 or the GMAT is below 550, the standard will be considered satisfied if the sum of 200 times GPA plus the GMAT equals or exceeds 1,100.
If English is not your native language, have a Test of English as a Foreign Language (TOEFL) score of 590 on the paper-based test/240 on the computer-based test or higher.

Prerequisites for the program core courses are:
- Accounting Principles I (BA2300 or equivalent)
- Calculus (MA1150 or equivalent)
- Economics Principles (EC3001 or equivalent)
- Economic Decision Analysis (EC3400 or equivalent)
- Statistics (BA2100 or equivalent)
- Quantitative Problem Solving (BA2110 or equivalent)

Core courses:
- Accounting
- Finance
- Information Systems
- Management and Organizational Behavior
- Managerial Economics
- Marketing
- Operations and Quality Management

Areas of specialization:
- Entrepreneurship
- Finance
- Operations Management
- Additional areas may be available by special arrangement

Timetable for completion (full-time):
- August to following June if all prerequisites are satisfied
- June to following June if prerequisite courses must be taken
