

# Table of Contents

<b>Table of Contents</b> .....	i
<b>List of Figures</b> .....	v
<b>List of Appendices (Provided on Attached CD)</b> .....	xi
1. Executive Summary.....	1
1.1. Advisory Committee and Vision Statement Formation .....	2
1.2. Identification of Designated Uses and Pollutants .....	4
1.3. Critical Areas and Recommended Actions .....	5
1.4. Information and Education Strategy.....	6
1.5. Evaluation Plan.....	9
1.6. Conclusion.....	9
2. Description of the Huron Creek Watershed .....	10
2.1. Location, Size and Water Bodies.....	10
2.2. Political, Demographic and Economic Information .....	10
2.2.1. Water and Sewer Infrastructure .....	11
2.2.2. Applicable Regulations.....	13
2.3. Land Use and Development.....	18
2.3.1. Land Use Study.....	18
2.3.2. Development Trends.....	21
2.4. Topography, Geology and Soils.....	23
2.4.1. Ground Surface Topography.....	23
2.4.2. Geology .....	23
2.4.3. Soils .....	27
2.5. Climate and Hydrology.....	30
2.5.1. Climate Data.....	30
2.5.2. Hydrology .....	32
2.6. Habitats and Vegetation .....	34
2.6.1. Native Habitats.....	34
2.6.2. Wetland Mitigation and Creek Rerouting in 2004 .....	34
2.6.3. Invasive Species .....	35
2.7. History of Human Activities .....	36

3.	Key Stakeholders & Public Participation .....	42
3.1.	Initiation of the Watershed Management Plan .....	42
3.2.	Formation of Watershed Advisory Council .....	44
3.3.	Watershed Management Plan Development .....	47
4.	Designated Uses and Water Quality Summary .....	48
4.1.	Designated and Desired Uses .....	48
4.2.	Pollutants, Sources and Causes .....	50
4.2.1.	Metals: Copper and Iron .....	52
4.2.2.	Sediments.....	53
4.2.3.	“Flashy” Flow .....	54
4.2.4.	Nutrients .....	54
4.2.5.	Invasive Species .....	55
4.2.6.	Bacteria .....	56
4.3.	Water Quality and Other Watershed Goals.....	56
5.	Summaries of Studies and Data Collection .....	58
5.1.	Water Quality Monitoring.....	58
5.1.1.	Results from Previous Studies.....	58
5.1.2.	Results from Quarterly Monitoring 2006-2008 .....	58
5.1.3.	Identified Standards Exceedances in Quarterly Monitoring 2006-2008 .....	81
5.1.4.	General Parameter Trends in Quarterly Monitoring 2006-2008 .....	81
5.2.	Climate Data Study.....	83
5.3.	Land Use Study.....	85
5.4.	Hydrologic Modeling.....	86
5.4.1.	Average Annual Streamflow .....	86
5.4.2.	Peak Streamflow .....	87
5.5.	Storm Drain, Ditch and Road Crossing Surveys.....	92
5.6.	Property Ownership Survey .....	92
5.7.	Geomorphology Survey .....	93
5.8.	Vegetation and Buffer Survey .....	95
5.9.	Wetland Restoration Analysis.....	98
5.10.	Threatened and Endangered Species Investigation.....	101
6.	Priority Pollutants and Critical Areas .....	104

6.1.	Priority Pollutants .....	104
6.1.1.	Metals .....	104
6.1.2.	“Flashy” Flow .....	105
6.1.3.	Sediments.....	105
6.1.4.	Nutrients .....	105
6.1.5.	Bacteria .....	106
6.1.6.	Invasive Species .....	106
6.2.	Critical Areas .....	106
6.2.1.	Critical Area #1 - Kestner Waterfront Park .....	106
6.2.2.	Critical Area #2 - Dakota Heights .....	108
6.2.3.	Critical Area #3 - Former Houghton Landfills & Leachate Collection Area .....	109
6.2.4.	Critical Area #4 - Huron Creek Re-Route and Wetland Mitigation Areas .....	112
6.2.5.	Critical Area #5 - “Shopping Cart Creek” .....	113
6.2.6.	Critical Erosion Locations .....	113
6.2.7.	Other Areas to Note.....	118
7.	Watershed Objectives and Recommended Actions .....	121
7.1.	Goals and Objectives.....	121
7.2.	Summary of Recommended Actions.....	124
7.3.	Physical Improvements .....	130
7.3.1.	Reduce Metals and Ammonia Loads to Huron Creek .....	130
7.3.2.	Further Study of Stormwater Management Issues.....	133
7.3.3.	Improve Kestner Waterfront Park (Critical Area #1) .....	134
7.3.4.	Septic System and Sanitary Sewer Improvements (Critical Area #2).....	136
7.3.5.	Improve “Shopping Cart Creek” (Critical Area #5).....	137
7.3.6.	Improve Wetland Mitigation and Creek Re-route Areas (Critical Area #4) .....	140
7.3.7.	Improve Erosion Areas.....	143
7.3.8.	Wetland Restoration.....	147
7.4.	Monitoring Plans.....	149
7.4.1.	Water Quality Monitoring.....	149
7.4.2.	Erosion and Geomorphologic Monitoring .....	150
7.4.3.	Invasive Vegetative Species Monitoring .....	152
7.5.	Develop and Implement Stormwater Management Ordinance .....	153

7.6.	Best Management Practices (BMPs).....	158
7.7.	Funding Sources .....	160
7.8.	Estimate of Pollutant Discharge Reductions.....	162
7.8.1.	Sediment (Total Suspended Solids), Nitrogen & Phosphorus.....	162
7.8.2.	Copper.....	164
7.8.3.	Ammonia .....	166
7.9.	Target Criteria and Associated Actions for Eliminating Impairments and Threats.....	166
8.	Information and Education (I/E) Strategy.....	168
8.1.	Information and Education Activities Conducted 2001-2008.....	168
8.1.1.	Watershed Plan Development Website.....	168
8.1.2.	Public Comment Period .....	168
8.1.3.	Huron Creek Day .....	169
8.1.4.	Litter Clean-Up Days .....	169
8.1.5.	Storm Drain Stenciling .....	170
8.1.6.	Educational Sign in Kestner Waterfront Park .....	171
8.1.7.	Publications in Local Media.....	171
8.1.8.	Local School Activities .....	171
8.1.9.	Community Workshops and Courses.....	172
8.2.	Proposed Information and Education Strategy .....	172
8.2.1.	Wetland Education Station .....	176
8.2.2.	Educational and Historical Signage .....	176
8.2.3.	Volunteer Water Quality Monitoring.....	177
8.2.4.	Informing the Public of Implementation of Recommended Actions.....	177
9.	Watershed Management Plan Evaluation Strategy.....	179
10.	Bibliography .....	181

## List of Figures

Figure 1.1. Huron Creek watershed. Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data source: 2005 NAIP 1-meter digital orthophoto. ....	3
Figure 2.2. Municipal boundaries in Huron Creek watershed. Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data source: MI Geographic Data Library; 2005 NAIP 1-meter digital orthophoto. ....	12
Figure 2.3. City of Houghton zoning map. Source: <a href="http://www.cityofhoughton.com/documents/Zoning_Map.pdf">http://www.cityofhoughton.com/documents/Zoning_Map.pdf</a> (accessed 3/5/09). ....	16
Figure 2.4 Portage Township zoning map. ....	17
Figure 2.5 Land use in Huron Creek watershed as of 2005. Created by: Linda Kersten, 2/20/08. Map projection: NAD 1927 UTM Zone 16N. Data source: MI Geographic Data Library; 2005 NAIP 1-meter digital orthophoto. ....	19
Figure 2.6 Land use distribution in Huron Creek watershed, 2005. ....	20
Figure 2.7 Land Use distribution in Huron Creek watershed, 1978, 1998, and 2005. ....	20
Figure 2.8 Photographs of M-26 corridor in Huron Creek watershed, 1975 (Photo courtesy of Dave Wisti via Greer, 2006), ~1992 (Photo from MTU GEM Center via Greer, 2006), and ~2003 (Photo from MTU GEM Center via Greer, 2006). Photographs taken facing south from Ripley overlook. ....	22
Figure 2.9 Potential near-future developments in Huron Creek watershed. Created by Linda Kersten, 4/10/08. Map projection: NAD 1927 UTM Zone 16N. Data sources: MI Geographic Database; 2005 NAIP 1-meter digital orthophoto. ....	24
Figure 2.10 Ground surface topography in Huron Creek watershed. Created by Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data sources: MI Geographic Data Library; 2005 NAIP 1-meter digital orthophoto. ....	25
Figure 2.11 Quaternary geology in Huron Creek watershed. Created by Linda Kersten, 1/15/08. Map projection: NAD 1927 UTM Zone 16N. Data sources: 1998 MNFI & MDNR digital quaternary geology maps; 2005 NAIP 1-meter digital orthophoto. ....	26
Figure 2.12 Natural Resources Conservation Service (NRCS) soil survey map for Huron Creek watershed. Created by Linda Kersten, 1/16/08. Map projection: NAD 1927 UTM Zone 16N. Data sources: 2000 NRCS Soil Survey of Houghton County; 2005 NAIP 1-meter digital orthophoto. ....	28
Figure 2.13 Annual precipitation for 1888-2007 (Contes, 2007). Separated rain and snow total data was not available from the NOAA/NCDC website from 1999 onward as of July 2007. Annual data is based on a precipitation year beginning 9/1 and ending 8/31, so that a precipitation year captures an entire winter. ....	31
Figure 2.14 Average monthly precipitation over the period 1888-2007 (Contes, 2007). ....	31

Figure 2.15 General features of Huron Creek watershed relevant to watershed hydrology. Created by Linda Kersten, 1/16/08; Alex Mayer 3/5/09. Map projection: NAD 1927 UTM Zone 16N. Data source: 2005 NAIP 1-meter digital orthophoto. ....	33
Figure 2.16 Wal-Mart expansion wetland mitigation and creek re-routing. ....	35
Figure 2.17 Isle Royale and Huron Mine locations (approximate). Created by Linda Kersten, 4/10/08. Map projection: NAD 1983 UTM Zone 16N. Data sources: Michigan Geographic Database; 2005 NAIP 1-meter digital orthophoto. ....	37
Figure 2.18 Locations of Huron Creek in 1867 and 2007. Geo-referencing of 1867 base map is approximate. Created by Linda Kersten, 10/23/07. Map projection: NAD 1927 UTM Zone 16N. Data sources: State of Michigan General Land Office Plats; 2005 NAIP 1-meter digital orthophoto. ....	38
Figure 2.19 Aerial photo of Huron Creek watershed, 1938. Created by Linda Kersten, 10/23/07. Map projection: NAD 1927 UTM Zone 16N. Data sources: Houghton-Keweenaw Conservation District, courtesy of Bruce Peterson. ....	39
Figure 2.20 Aerial photo of Huron Creek watershed, 1963. Created by Linda Kersten, 10/24/07. Map projection: NAD 1927 UTM Zone 16N. Data sources: Houghton-Keweenaw Conservation District, courtesy of Bruce Peterson. Photo date: 9/13/63. ....	40
Figure 4.1 (a) Iron bacteria plume in Huron Creek and (b) leachate seepage from nearby bank .....	53
Figure 4.2 Pre- and Post-development Hydrograph Comparison.....	55
Figure 5.1 Water quality monitoring locations .....	59
Figure 5.2 Alkalinity concentrations as a function of sample location and date. ....	67
Figure 5.3 Ammonia (as mg N/L) concentrations as a function of sample location and date. ....	68
Figure 5.4 Hardness as a function of sample location and date. ....	69
Figure 5.5 Total iron concentrations as a function of sample location and date. ....	70
Figure 5.6 Total manganese concentrations as a function of sample location and date. ....	71
Figure 5.7 Total copper concentrations as a function of sample location and date. ....	72
Figure 5.8 Conductivity as a function of sample location and date. ....	73
Figure 5.9 Turbidity as a function of sample location and date. ....	74
Figure 5.10 pH as a function of sample location and date. ....	75
Figure 5.11 Dissolved oxygen concentrations as a function of sample location and date. ....	76
Figure 5.12 Temperature as a function of sample location and date. ....	77
Figure 5.13 Nitrate-nitrite concentrations as a function of sample location and date. ....	78

Figure 5.14 Total Kjeldahl nitrogen concentrations as a function of sample location and date. ....	79
Figure 5.15 Total phosphorus concentrations as a function of sample location and date. ....	80
Figure 5.16 Recent Intense Rainstorms of the Houghton, MI Area.....	84
Figure 5.17 Average Annual Temperature for Houghton, MI, 1887-2006 .....	85
Figure 5.18 Average Monthly Temperatures for Houghton, MI, 1887-2006.....	85
Figure 5.19 Monthly water balance calculations using the Thornthwaite water balance equation.....	87
Figure 5.20 Division of watershed into sub-watersheds and reaches Created by Linda Kersten, 4/10/08. Map projection: NAD 1983 UTM Zone 16N.....	89
Figure 5.21 2-year storm hydrograph comparison of pre-development, current development and future development models for various antecedent moisture conditions. ....	90
Figure 5.22 25-year storm hydrograph comparison of pre-development, current development and future development models for various antecedent moisture conditions. ....	90
Figure 5.23 Vegetative buffer zones of Huron Creek categorized by buffer width (BW). Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data source: 2005 NAIP 1-meter digital orthophoto.....	97
Figure 5.24 Locations and types of invasive plant species found on transects. Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data source: 2005 NAIP 1-meter digital orthophoto.....	98
Figure 5.25 Potential wetland restoration areas and current wetland areas. Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data source: 2005 NAIP 1-meter digital orthophoto.....	100
Figure 5.26 MNFI Rare species or natural feature occurrence likelihood. Created by: Linda Kersten, 12/20/06. Map projection: NAD 1927 UTM Zone 16N. Data sources: 2005 NAIP 1-meter digital orthophoto; MNFI Biological Rarity Index and Probability Value.....	103
Figure 6.1 Critical areas and erosion locations. ....	106
Figure 6.2 Eroded banks in the Kestner Waterfront Park.....	108
Figure 6.3 Ridge Road Landfill in the mid-1980's. ....	109
Figure 6.4 Huron Creek and leachate collection system installation area .....	111
Figure 6.5 Huron Creek Re-route and former Huron Lake mitigation areas .....	112
Figure 6.6 Critical Erosion Location "A." .....	114
Figure 6.7 Critical Erosion Location "B." .....	114
Figure 6.8 Critical Erosion Location "C" .....	115

Figure 6.9 Critical Erosion Location “D” .....	115
Figure 6.10 Critical Erosion Location “E” .....	116
Figure 6.12 Critical Erosion Location “F” .....	116
Figure 6.11 Critical Erosion Location “F” .....	116
Figure 6.13 Critical Erosion Location “G” .....	117
Figure 6.14 Critical Erosion Location “H” .....	117
Figure 6.15 Critical Erosion Location “I” .....	118
Figure 6.16 Non-critical septic system and stamp sand areas.....	119
Figure 7.1 Location of recommended actions for landfill area.....	131
Figure 7.2 Huron Creek re-route and wetland mitigation area .....	132
Figure 7.3 Stabilization area in the Kestner Waterfront Park.....	135
Figure 7.4 Recommended action areas for Shopping Cart Creek.....	138
Figure 7.5 Critical erosion locations.....	145
Figure 7.6 Geomorphology survey locations .....	152
Figure 8.1 Participants viewing an educational poster at Huron Creek Day .....	169
Figure 8.2 Participants at a Huron Creek Clean-Up Day .....	170
Figure 8.3 Storm drain stenciling .....	170
Figure 8.4 BRIDGE School sign at Kestner Waterfront Park.....	171
Figure 8.5 Graduate student teachers monitoring the Flow of Huron Creek.....	172
Figure 8.6 Conceptual Sketch of Path and Education Station.....	176
Figure 8.7 Example Sign for Creek Crossings .....	177

## List of Tables

Table 1.1 Designated Uses .....	5
Table 1.2 Critical Areas and Concerns.....	6
Table 1.3 Recommended Actions .....	7
Table 1.4 Proposed Information and Education Activities .....	8
Table 2.1. Isolation Distances for Sewers, Septics and Privies (Superior Environmental Health Code Committee, 1998) .....	14
Table 2.2 Off-Street Parking Requirements for Portage Township, Michigan .....	15
Table 2.3 NRCS Soil Survey Map Unit Descriptions .....	29
Table 3.1 Organizations Attaching Letters of Support to MDEQ Proposal .....	43
Table 3.2 Watershed Advisory Council Members and Associated Organizations .....	45
Table 3.3 Watershed Advisory Council Meetings .....	46
Table 4.1 Huron Creek Watershed Designated Uses .....	49
Table 4.2 Huron Creek Watershed Pollutants, Sources and Causes.....	51
Table 4.3 Water Quality Standards Relevant to Concerns in Huron Creek Watershed.....	52
Table 4.4 Water Quality and Other Watershed Goals for Huron Creek .....	56
Table 5.1 Water Quality Parameters Analyzed During Quarterly Sampling .....	60
Table 5.2 Water Quality Monitoring Results for Huron Creek (11/16/06 – 5/9/08) .....	62
Table 5.3 Peak flows for combinations of development scenarios, storm recurrence probabilities, and antecedent moisture conditions.....	91
Table 5.4 Hydrologic characteristics for 2-year storm event and antecedent moisture characteristic II ..	91
Table 5.5 Fraction of Total Buffer Area Corresponding to Different Buffer Widths.....	95
Table 6.1 Priority Pollutants for Huron Creek Watershed .....	104
Table 7.1 Goals and Objectives for the Huron Creek Watershed .....	122
Table 7.2 Summary of Recommended Actions: Physical Improvements .....	125
Table 7.3 Summary of Recommended Actions: Monitoring Plans .....	128

Table 7.4 Summary of Recommended Actions: Ordinances .....	129
Table 7.5 Recommended Water Quality Monitoring for Huron Creek.....	149
Table 7.6 Recommended Erosion and Geomorphologic Monitoring for the Huron Creek Watershed ...	151
Table 7.7 Best Management Practices for Critical Areas and/or Recommended Actions .....	158
Table 7.8 Recommended Lateral recession rates (LLRs).....	163
Table 7.9 Estimated Total Annual Copper Load Reductions.....	166
Table 7.10 Target Criteria for Removal of Designated Use Impairments and Threats.....	167
Table 8.1 Recommended Actions: Information and Education .....	173

## **List of Appendices (Provided on Attached CD)**

Appendix A – Watershed Management Plan Grant Proposal

Appendix B – Water Quality Monitoring Quality Assurance Project Plan (QAPP)

Appendix C – Relative Percent Differences for Duplicate Water Quality Samples

Appendix D – Huron Creek Watershed 2005 Land Use Map

Appendix E – Huron Creek Watershed Stormwater Modeling Analysis

Appendix F – Road Crossing Survey

Appendix G – Storm Drain and Ditch Surveys

Appendix H – Property Ownership Survey

Appendix I – Geomorphology Survey Quality Assurance Project Plan (QAPP)

Appendix J – Geomorphology Survey Report

Appendix K – Vegetation Survey Quality Assurance Project Plan (QAPP)

Appendix L – Vegetation Transect Survey Results

Appendix M – MDEQ Water Quality and Seep Analysis Reports

Appendix N – Thornthwaite Water Budget for the Huron Creek Watershed

Appendix O – Estimated Costs for Huron Creek Watershed Recommended Actions

Appendix P – Designs, Information and Grant Application for Kestner Waterfront Park Improvements

Appendix Q – Invasive Species Management Guidance Documents

Appendix R – Draft Stormwater Management Ordinance

Appendix S – Information and Education Event Articles, Flyers and Photos

Appendix T – Huron Creek Watershed Management Plan Evaluation Form

Appendix U – Comments Resulting from June 2008 Public Comment Period
