Subject: Ferroresonance WG meeting - 10am Tues

Discussion, Practical Aspects of Ferroresonance WG: As followup to my informal announcement of our WG meeting, here is the formal agenda:

For those who are attending the IEEE PES General Meeting in Calgary next week:

The Practical Aspects of Ferroresonance WG will meet as follows:

Wed July 29, 2009 8:30-10:00am

Location: Fairmont - Oval Room (please see final program to confirm location)

Activities to date, minutes and agenda postings, and shared info and case studies are posted at

http://www.ece.mtu.edu/faculty/bamork/FR_WG/

Agenda for Calgary meeting:

- Approval of minutes of 2008 meeting, see http://www.ece.mtu.edu/faculty/bamork/FR_WG/FRsum08m.pdf
- Overall status of publication, brief report from David Jacobson
- Working session (approx 45 mins to 1 hr) -- page-by-page review of document to date.
- Plan for wrapping up the document
- Other business or topics: division of efforts into 2 new TFs, dissemination plans.
- Technical presentation (time permitting):
 - Afshin Rezaei (10-15 mins)
