

PDR - Submit by Nov 14th. Deliver draft project report documenting all work done to date.

Schedule for Nov 20th or 21st.

Budget, project schedule, team, and other administrative things are not the main focus here. Spend time on technical design and deliverables.

Expectations:

- ▶ Quick overview of administrative things: Project description, detailed technical specifications, constraints.
- ▶ Project deliverables, detailed technical specs.
- ▶ Define a minimum of 3 concept designs, evaluation, recommend the "best" approach.
- ▶ Technical foundation of most important points, "enabling technologies," key problems you must solve in order to deliver.
- ▶ Resources needed, requested budget.
- ▶ Design work done to date
- ▶ Remaining problems to be solved.
- ▶ Conclusions, hoped-for results, usefulness & application of results.
