Michigan Tech’s

ACADEMIC EXCELLENCE AWARD

Michigan Tech has established the Academic Excellence Award (AEA) to make MTU more affordable for undergraduate, nonresident students. This award is provided to all accepted applicants who meet the qualifications. If you are eligible, just submit your application for admission to Michigan Tech; a separate scholarship application is not required. Academic Excellence Awards will be available to new incoming students beginning in summer 2000.

Qualifications

➤ New first-year students must rank in the top 25 percent of their class.
➤ Transfer students from postsecondary institutions must have a minimum cumulative grade point average of 3.00 (4.00 scale), based on full-time enrollment for at least two semesters.
➤ Applicants must be either non-Michigan US residents or Canadian residents.

Value

The Academic Excellence Award, equal to the difference between nonresident and resident tuition, is awarded for a maximum of ten semesters of full-time undergraduate study.

Earning the AEA while attending MTU

Students who do not qualify for the Academic Excellence Award prior to enrollment at Michigan Tech may become eligible after enrollment if they hold a 3.00 or higher cumulative grade point average (based on full-time enrollment in MTU courses only) for two semesters.

Retaining the AEA

To retain the Academic Excellence Award, the awardee must continuously hold a cumulative grade point average of 2.50 or higher at the end of each spring semester.
