MICHIGAN TECHNOLOGICAL UNIVERSITY

OFFICE OF THE PRESIDENT

April 13, 2011

Dear Society of Intellectual Sisters Alumnae,

It is exciting to welcome you and your family back to campus. For some of you, a number of years have passed since you were last here. We hope that you will have a chance to talk with some of your favorite faculty and staff and visit with old friends. Your visit is a chance for you to reconnect with Michigan Tech.

More importantly, your long distance interactions and now your presence on campus, provides guidance, and personal and professional development for SIS members. This is evident in the growth of the organization through service and leadership. This weekend will provide current SIS members with exceptional role models and a chance to enrich the organization.

We encourage you to also take some time to explore the campus and discover the changes, as well as some of your old haunts. Some campus improvements include the addition of the Center of Diversity and Inclusion, the Little Husky's Childcare Center, the Library Café, and the new and remodeled residence halls.

We want you to know that there is a new University Academic Quality Improvement (AQIP) Gender Initiative to significantly increase the number and percentage of women enrolled in both the undergraduate and graduate programs and women faculty. Please help us ensure that potential female students learn about Michigan Tech and put them in contact with our Enrollment Management and/or Center for Diversity and Inclusion staff, or Chris.

Your schedule for the weekend is full and you will enjoy every minute we're sure. We hope that when you leave that you are planning your next trip back!

Thank you for making the **SIS 20 Year Reunion** a priority and for your ongoing commitment to SIS and to Michigan Technological University.

Sincerely,

April 11, 2011

Greetings Society of Intellectual Sisters Alumnae:

I am excited that the Society of Intellectual Sisters will be celebrating their 20th Reunion at Michigan Tech!

Twenty years ago the SIS founders envisioned and established an organization that promoted fellowship and camaraderie among young women. Specifically, this organization offers young women with the opportunity to come together in solidarity, spirit and selflessness.

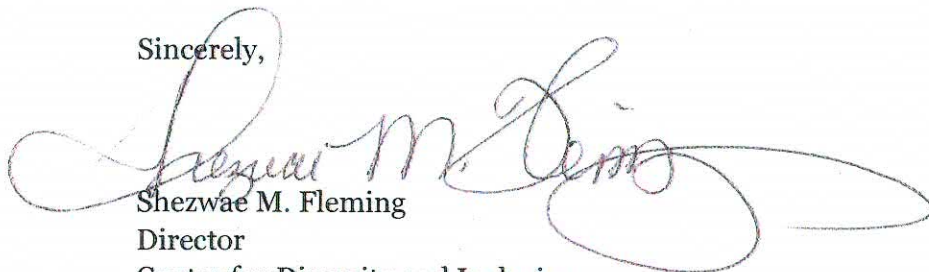

Through your ingenuity, integrity and sense of shared commitment to sisterhood, you founded what has become one of Michigan Tech's most established and well-regarded organizations. You can take pride in knowing that your vision, as well as the continued spirit of current members, has grown exponentially.

In honor of this special occasion, the Center for Diversity and Inclusion is sponsoring a breakfast in your honor on Saturday, April 16th. This breakfast is in tribute to your hard work, and continued efforts to mentoring young women, and for being a solid inspiration to the campus community.

As you spend your time on campus reconnecting, reminiscing, and renewing your commitment to one another, I encourage you to stop by the Center for Diversity and Inclusion. It was 'on the backs' of organizations such as SIS that paved the way for the expansion of programs, services and resources—such as the Center.

I wish you safe travels to the Houghton/Hancock area, and a lively and engaging reunion!

Sincerely,

Shezwae M. Fleming
Director
Center for Diversity and Inclusion

"BEWARE - If you tell me "we can't" or "we've never done it that way before" you won't be discouraging me in my pursuits. In fact, you'll spur me onward and motivate me even more to achieve my goals and find a solution to the problem!" - Anonymous
